[BB Riverboats](#) offers dining at its finest, with scenery that can not be matched! Imagine rolling slowly down the beautiful Ohio River, music playing, and the aroma of delectable cuisine wafting in the breeze.

Don't just imagine it, but experience it!

Several dining cruises are offered, including the Dixieland Jazz Brunch and Dinner, the Captain's Lunch and Dinner, the Stonebrook Winery Sunset Cruise, the Admiral's Dinner, the Tropical Dinner, Fiesta Friday, and the Christian Moerlein Beer & BBQ Cruise.

The Dixieland Jazz Dinner is amazing! I felt instantly transported from the

Ohio to the Mississippi, and I honestly thought that I would step off the boat and onto Basin Street.[] The Jazz band was spectacular, offering a constant flow of familiar tunes to add to the dining experience.[] A buffet is offered on this cruise, featuring everything from carved roast beef to chicken and sausage jambalaya.[]

Want to hop on board for sightseeing? A variety of cruises are available, including a few voyages to neighboring cities.[] And the little ones have not been forgotten, as specially themed pirate, princess, and ice cream socials are a part of the schedule.[]

I have honestly never seen such a wonderful variety of cruise options available with ANY riverboat organization. They somehow even manage to host private charters, special events, and holiday cruises.[] I can not wait to sail with this company again![]
