

[Busch Gardens Tampa](#)

By [Angela Ash](#)

Busch Gardens, located in sunny Tampa, Florida, is equal parts animal habitat and thrill park... resulting in 100% fun and adventure for the entire family![]

Busch Gardens boasts a fierce list of roller coasters for anyone wanting to be spun upside down, sideways, or somewhere in between.[] SheiKra is a floorless, diving coaster with a 90 degree drop, reaching speeds of 70 mph. And the newest triple launch coaster, Cheetah Hunt, is the park's longest thrill ride.[] Gwazi, Kumba, Montu, and the Scorpion[] are other mind-bending coasters at Busch Gardens that **MUST** be experienced.[] And for the smaller riders, check out the Sand Serpent or Air Grover in the Sesame Street Safari of Fun.[]

Plenty of family rides round out the offerings at Busch Gardens, including

the Serengeti Railway and the Skyride, both affording their riders magnificent views of the wildlife surrounding them.□

But the animal encounters do not stop here!□ Come face to face with lions, hippos, crocodiles, hyenas, lemurs, meerkats, and vultures in the Edge of Africa.□ See gorillas and chimpanzees in the Myombe Reserve, and experience other wonderful animal interactions at Walkabout Way, Cheetah Run, Jungala, and much more!□

If you'd like to get even a little more hands on with the animals, for an extra fee, you may trek across the plain on a Serengeti Safari, even stopping to feed the giraffes!□ Other memories may also be made by participating in Keeper For a Day, the Heart of Africa Tour, or many other behind-the-scenes adventures.
