

## Key West Shipwreck Treasures Museum

By [Angela Ash](#)

Just around the corner from the Key West Aquarium is once of the most unique experiences in Key West! The Key West Shipwreck Treasures Museum is sure to astound visitors of all ages!☐

While guests wait outside, they are entertained by actors, one of which will escort them into the museum, providing an overlook of what they can then explore at their own pace.☐ See just how the wreckers lived, and what would happen when a wreck was spotted out in the crystal waters off the coast of Key West.☐ Visitors will see artifacts, watch video presentations, and immerse themselves in interactive exhibits.☐

And just when you think the fun is over, you may climb 65 feet to the top of the observation tower, undoubtedly one of the best views in all of Key West!
